

## ELECTRICAL COMPLETION CERTIFICATE

This Completion Certificate is to be completed by the contractor or other person responsible for the construction of the installation, or alteration thereto, or by an authorised person acting on their behalf. For electrical systems of 50V or less this may be the builder, however for electrical systems greater than 50V, the certificate must be signed by a suitably qualified/experienced person.

**I CERTIFY** that the electrical installation completed onboard the vessel

Seafish Unique No. / Yard No. ....

Installed by .....

For (Owners) .....

Has been inspected and tested, in accordance with the Seafish Construction Standards, published by Sea Fish Industry Authority and that, to the best of my knowledge and belief, the installation complies, at the time of my test, with those standards current at the date of contract for the work.

**I RECOMMEND** that this installation be further inspected and tested after an interval of

not more than ..... years
